Description

OVERVIEW

The TC is a year-round crossover trailer perfect for snow machines, ATVs, lawn mowers and moving household goods -- whatever an outdoor adventure or a weekend project entails.

FEATURES

- Fully Welded, All-Aluminum Frame: Fully welded lower and upper frames provide a solid structure for years of loading and unloading.
- Outperforms alternatives that use joined/screwed frame construction.
- Sealed To A T: All doors have an integrated seal design to prevent leaks, keeping cargo dry.
- Four Cord Rubber Galvanized Torsion Axle: Designed for a smooth ride and corrosion resistance. 5/8" Deck: Stands up to the elements for years of use.
- A Smooth Finish Sleek: Screwless aluminum side walls and clear lenses on the exterior trailer lights add a modern touch.
- 4'X4' Front Door: Get full access to machines and cargo through the huge 4'X4' front door option.
- Better Lighting Inside And Out: An easy flip of the switch illuminates a bright interior dome light and the integrated rear loading light.
- Ramp Approach And Bridge: It's the loading trifecta.
- The wear strip on the ramp approach is positioned at the strike point for snowmobile carbides.
- The kick panel at the door frame guides skis or wheels to prevent catching. A rubber ramp bridge protects the door hinges from snow and ice buildup. Up, in, done.
- Infinite Tie Down Positions: Secure whatever you're carrying.
- Full-length Quickslides offer adjustable tie down positions the full length of the trailer bed.
